

PROFILES OF CLUSTER MEMBERS

AGS Mérnökiroda Ltd. Tool design and manufacturing, product design (Solidworks, NX), DFM manufacturability and DOE analysis, mould-flow simulation prototype tooling, plastic 3D printing and 3D scanning of parts. <i>phone: +36 [30] 587 7307 · www.agsegengineer.com</i>	DMS Inox Works Ltd. Design and manufacture of stainless steel, carbon steel and aluminium structures, industrial structural assembly and welding processes. <i>phone: +36 [70] 371-0670 · www.dmsinox.com</i>
AGS Tool Service Ltd. Tool design and manufacturing, spare parts manufacturing, tool repair, tool maintenance and custom machined parts production. <i>phone: +36 [30] 951 6484 · www.agstoolservice.com</i>	Dovi-Plast Ltd. Production of plastic injection moulding tools, cutting-punching, aluminium injection moulding, extrusion and coquille tools. <i>phone: +36 [82] 510-828 · www.doviplast.hu</i>
Aquacut Ltd. Manufacture of steel structures and machine parts for the mechanical engineering industry in small and medium series. Waterjet cutting, laser cutting, edge bending, welding, CNC machining, even subcontracting. <i>phone: +36 [20] 960-6309 · www.aquacut.hu</i>	Ferrokov Ltd. Manufacturing of steel frames and structure, surface treatment through hot-dip galvanizing and electroplating, manufacturing of non-standard, galvanized fasteners. <i>phone: +36 [82] 598-900 · www.ferrokov.hu</i>
Asinox Ltd. Design and manufacture of custom machinery: glass-steel combination buildings, building elements, elevator shafts, stainless steel elements for biogas silos, stair towers, machinery for composting technologies, car rotating discs. <i>phone: +36 [30] 773-9618 · www.asinox.hu</i>	Forsz Ltd. Tool sharpening, tool manufacturing in individual and standard designs. <i>phone: +36 [72] 513-971 · www.forszkft.hu</i>
Büttner Ltd. Special alloy steels and tool materials trade, production and sale of mould bases, engineering and production of pre- and further-fabricated tool plates. 3D metal printing, heat treatment, CVD coating. <i>phone: +36 [82] 553-970 · www.buttner.hu</i>	Fórum-Plussz Ltd. Toolmaking: design, manufacture, pressing, maintenance and measuring. Component manufacturing: CNC milling, CNC wire cutting, CNC turning, grinding, heat treatment. <i>phone: +36 [85] 554-294 · www.forumplussz.hu</i>
CabTec Ltd. Production of cable harnesses for the automotive, medical, high-tech and other industries. <i>phone: +36 [74] 889-111 · www.cabtec.eu</i>	Gépszer Ltd. Manufacture, installation and maintenance of complete technological, engineering systems and components. <i>phone: +36 [30] 936-3512 · www.gepszer.hu</i>
CADSOL Ltd. Purpose built machine design and custom machine manufacturing, automation. Design, manufacture and commissioning of robotic cells. Rental of collaborative robots. CNC machining, contract manufacturing of high added value parts. <i>phone: +36 [72] 780-243 · www.cadsol.hu</i>	GLT Delta Épületgépész Ltd. Designing, prefabricating and assembling heat and cooling centers, boiler rooms, and custom engineering spaces. <i>phone: +36 [72] 516-460 · www.glt.hu</i>

SOUTHWEST HUNGARIAN ENGINEERING CLUSTER

address: 7625 Pécs, Majorossy I. u. 36.

telephone: +36 [72] 507-156, +36 [20] 539-33-66

PROFILES OF CLUSTER MEMBERS

Hidrofilt Ltd. Design, manufacture, installation, commissioning, maintenance, operation for drinking water, industrial process water and industrial waste water treatment systems. <i>phone: +36 [93] 536-500 · www.hidrofilt.hu</i>	Knipl Ltd. Planning, production and installation of surface treatment plants, wet painting lines, complete cataphoretic dip coating (KTL) and electrostatic powder coating lines. <i>phone: +36 [74] 550 540 · www.knipl.com</i>
Hidrot Ltd. Production and distribution of communal and road maintenance equipments, mounted on tractors: flail mowers, sweepers, snow ploughs, salt spreaders, floating workboats. <i>phone: +36 [72] 552-340 · www.hidrot.hu</i>	KONTAKT-Elektro Ltd. Automation of industrial manufacturing technologies and facilities: electric and mechanical design, machine manufacturing, installation, commissioning, programming (PLC, robot). <i>phone: +36 [72] 516-067 · www.kontakt-elektro.hu</i>
Kaposbrezon Ltd. They are mainly specialized in the production of plastic injection molding tools, but they also produce die punching, aluminum injection molding, extruder, die-casting tools. <i>phone: +36 [82] 510-828, +36 [20] 915-1404 · www.kaposbrezon.hu</i>	KONTAKT-Engineering Ltd. Custom engineering, automation, industrial glueing technologies. Design, manufacture and installation of robot cells. <i>phone: +36 [72] 315-577 · www.kontakt-engineering.hu</i>
Kaposvári Villamossági Gyár Ltd. Manufacture of low and medium voltage electrical appliances, equipments. They are main suppliers to the Hungarian electricity distributor companies. <i>phone: +36 [82] 508-200 · www.kvgy.hu</i>	Körber Hungária Gépgyártó Ltd. Machine design, machining, sheet metal working and assembly, development of complete machines. <i>phone: +36 [72] 505-200 · www.koerber.hu</i>
Két Salamon Lp. Laser cutting, 3D CNC plasma cutting, laser and robotic welding, CNC edge bending, plate rolling and cutting, tank fabrication, metal structure fabrication, carriage house fabrication and assembly. <i>phone: +36 [30] 997 40 35 · www.ketsalamon.hu</i>	Kresz & Fiedler Ltd. Plastic part production, multi component injection molding, mold making, part assembly. Maintenance and repair of injection molds, laser welding and mold making partial operations in lease work. <i>phone: +36 [72] 566-730 · www.kresz.hu</i>
Kiss Épületgépész Ltd. Building engineering projects, process installation, fire water and fire extinguishing systems, utilities, civil engineering and road construction. <i>phone: +36 [74] 471-143 · www.kissepuletgepeszkft.hu</i>	Lakics Gépgyártó Ltd. Active in the field of machine manufacturing using fitting-welding and machining technologies. Its main profile is manufacturing of frames for motors and generators. <i>phone: +36 [72] 581-310 · www.lakics.hu</i>
Klímatrióplussz Ltd. Design, installment and maintenance of complex HVAC systems. <i>phone: +36 [72] 512-240 · www.klimatrio.hu</i>	Loschán Ltd. Manufacture of metal structures, machine parts, steel structures and sheet metal parts, locksmithery, manufacture of concrete moulds. <i>phone: +36 [69] 557-110 · www.loschan.hu</i>

SOUTHWEST HUNGARIAN ENGINEERING CLUSTER

PROFILES OF CLUSTER MEMBERS

Matro Ltd. Manufacture of machined components for the engineering, passenger car and commercial vehicle industries. Design and manufacture of turning tool holders, surface treatment. <i>phone: +36 [72] 548-110 · www.matro.hu</i>	Schneider Fémipari Ltd. Manufacture and installation of steel building structures, production of railings, window grilles, fences, galvanized, painted and stainless steel, production of stainless steel and aluminium structures, CNC sheet metal working, machining, CNC tube bending and welding. <i>phone: +36 [72] 465-583 · www.schneiderfem.hu</i>
Max Blank Hungária Ltd. Manufacture of high quality, environmental eco stove, fireplace and firebox. <i>phone: +36 [69] 569-811 · www.maxblank.com</i>	Seres Gépipari és Kereskedelmi Ltd. Manufacture and recondition of superstructure of communal vehicles, hydraulic equipment and machine service. <i>phone: +36 [72] 526-666 · www.seres.hu</i>
Metal-Work 2003 Ltd. Their main activities are tool design and manufacturing, CNC milling, wire cutting, grinding and component manufacturing. <i>phone: +36 [74] 450-903, +36 [30] 2270274 · www.metal-work2003.hu</i>	Solar FM Ltd. Complete design, installation, operation and maintenance of solar parks. Sale, operation and servicing of charging stations for electric cars. Fiber laser cutting technology (flat laser) and Co2 laser cutting technology (tube laser). <i>phone: +36 [30] 600-7499, +36 [30] 499-5653 · www.solarfm.hu</i>
Minorits Gépgyártó Ltd. Manufacture of sliding ring housings, fan cranes, crane elements, bearing plates, press plates, robotic stands, robotic arms, assembly units and the production of chain conveyors and machines. <i>phone: +36 [20] 269-2297 · www.minorits.hu</i>	SOMAPAK Ltd. Designer and manufacturer of packaging machines, custommade machines. Manufacturing mixers and blenders. CNC (milling, turning, sheet-metal technology, sheet and tube laser cutting). <i>phone: +36 [72] 325-300 · www.somapak.hu</i>
Chamber of Commerce and Industry of Pécs-Baranya Enterprise development, cluster development and management, services in the field of innovation, trade development and vocational training. <i>phone: +36 [72] 507-148 · www.pbkik.hu</i>	Spinner Hungária Ltd. Manufacture of individual components for coaxial connectors and complete assemblies. <i>phone: +36 (74) 505-888 · www.spinner-group.com</i>
Faculty of Engineering and Information Technology - University of Pécs Nine BSc majors, technical trainings, short term postgraduate specializations, taking part in R+D projects. <i>phone: +36 [72] 503-650 / 22808 · www.mik.pte.hu</i>	Spitzer Silo Pécs Ltd. Manufacturing and service features for dry bulk carriers made from aluminum for the transporting of pulverized and granulated materials: food stuff, animal feed, and hazardous goods. <i>phone: +36 [72] 552-380 · www.spitzer-silo.com</i>
SAMPO Élelmiszeripari Gépgyártó Ltd. Food-processing equipment, design, manufacture and installation of the complete technology for poultry slaughter plants (500 to 10,000 pcs/hour). <i>phone: +36 [72] 564-400 · www.sampo.hu</i>	Stang Bádogos Ltd. Tin roofing, flat roof insulation, facade cladding, tin roofing products and accessories, modern machine prefabricated sheet metal roofing, scaled roofing and small element sheet metal roofing. <i>phone: +36 [69] 561-505 · www.stangbadogos.hu</i>

PROFILES OF CLUSTER MEMBERS

Strauss Metal Ltd.	
Automats, cash machines, armored safes, manufacture of mechanical safety products and devices, metal sheet working, component manufacturing.	
<i>phone: +36 [72] 313-316 · www.straussmetal.hu</i>	
Szabó Fogaskerékgyártó Ltd.	
Specialized in gear manufacturing, producing geared parts and machining: spur gears, straight bevel gears, helical gears, worm gears, geared axis, planetary gears, spline shafts, gear boxes.	
<i>phone: +36 [82] 310-204 · www.szabofogaskerek.hu</i>	
Titán Ltd.	
Laser cutting, plasma cutting, design, fabrication of steel structures, installation, complete execution of investment works, specialised specialised material handling equipment, packing and packaging complete assembly of packaging systems.	
<i>phone: +36 [20] 232-5285 · www.titankft.hu</i>	
Vatner Ltd.	
Custom small-batch projects involving sheet metal working, powder coating and pipe cutting.	
<i>phone: +36 [30] 415-2839 · www.vatnertech.hu</i>	
Vmax-Tec Ltd.	
Cutting of individual, small and medium series machine parts with high precision CNC milling and turning machines.	
<i>phone: +36 [82] 510-843 · www.vmax-tec.hu</i>	
Zeus Exhausts Ltd.	
Metalworking in the furniture industry, mechanical engineering and railway vehicle parts.	
<i>phone: +36 [70] 371-1776 · www.zeus-metal.com</i>	
ZIEHL-ABEGG Ltd.	
Production of fan parts, including the winding of electric motor stator parts, production of fan guards, casting of aluminium parts.	
<i>phone: +36 [85] 509-100 · www.zamarcali.hu</i>
